INSTRUCTION MANUAL

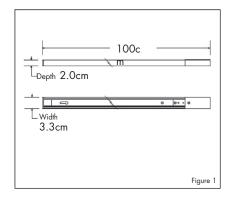

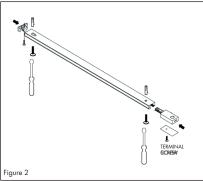

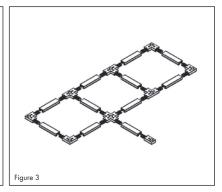

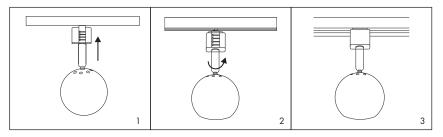

Gissi SL 3 White/ Gissi SL 3 Black/ Gissi SL 5 White/ Gissi SL 5 Black

92819/ 92820/ 92821/ 92822

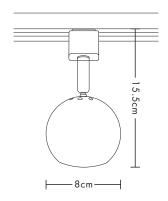

TO INSTALL:

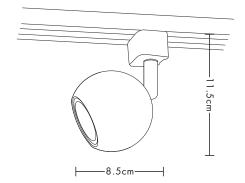

1) Align arrows on spotlight track adaptor with the polarity groove on the track.

2) Push up into track and rotate CLOCKWISE 90° while gently pulling back on the sliding cover until it locks into place.

TO REMOVE: Hold the spotlight and gently pull down on

the track adaptor and rotate ANTI-CLOCKWISE 90°.

SAFETY INSTRUCTION

Please study the instruction manual and below information carefully before installing or using this product. Please keep this user manual for further reference

- 1. The luminaires may only be installed by authorized and qualified technicians according the valid regulations for electrical installation.
- 2. Maintenance of the luminaires is limited to their surfaces. During maintenance no moisture can come into contact with any areas of the terminal connections or voltage control parts.
- 3. The electrical supply must be switched off at the outset, preferably by means of a switch in the distribution box, before any installation, maintenance or repair work is undertaken.
- 4. Exterior lighting must not be installed during rain.
- 6. Take account of the minimal separation distance from other objects and the room required around the fitting.
- 7. If in any doubt, consult a professional, taking local installation requirements into account. Some countries stipulate that lighting may be installed only by registered installers.
- 8. Clamping screws in electrical connections must be adequately tightened. This is particularly the case with 12V low voltage conductors.
- 9. When replacing a halogen lamp, wait for it to cool, for a minimum of 5 minutes.

This icon indicates the level of water-proof and dust-proof

- 10. Clean with a clean, dry cloth or brush, use no solvents or abrasives. Avoid dampness on all electrical components
- 11. Take account of all available technical information.
- 12. Take note of the symbols when connecting wires:

N =Neutral	L =Live	⊕=Earth	
13. Meaning of symbo	ls:		
For indoor	use only, wh	nere direct contact with water is impossib	ble

3x	Connect using the specified cable; different items require different cables
min 0 75mm²
