MAGNIFYING LAMP

NO.:46067

Thank you very much for purchasing our Magnifier Lamp. The Magnifier Lamp is ideal for precise work in home, office and workshop as well as a lot of other important places. Before using the Magnifier Lamp, please read the following instructions.

1. Important data:
 - A. Magnifier: Ø100mm diameter, 3 diopter
 - B. Voltage: AC 220V~240V 50Hz
 - C. Bulb Type: 60PCS LEDS 5W
2. How to use:
 - A. Before use, remove all packing from around the lamp.
 - B. Put the lamp on the horizontal table.
 - C. Insert the plug into a conveniently located electrical socket.
 - D. Switch on using the ON/OFF switch located on the surface of the base.
 - E. To place the head in the desired position.
3. Replacing the Tube:
 - A. Always switch off, remove the plug from the mains supply and allow the lamp to cool before changing the LED.
 - B. Rotate the head so you can see the underside. Using a suitable screwdriver remove the five small screw that secures the diffuser to the head of the lamp.
 - C. Remove the diffuser and place safely to one side.
 - D. Remove the LED from the head. Gently put onto the new LED ensuring it is pushed on fully.
 - E. Position the new LED into the head, replace the diffuser and tighten the 5 screws to hold it in place.
4. Caution for safe using:
 - A. Indoor use only.
 - B. Environment temperature: -20°C~40°C.
 - C. Humidity: ≤95%.
 - D. Never disassemble the magnifier lamp unless you are a qualified electrician.
 - E. Plug must be taken out while repairing the magnifier lamp.
 - F. Never leave the lens unattended in direct sunlight or where light can shine through it. This constitutes a fire hazard.
5. If the external flexible cable or cord of this luminaire is damaged, it shall be exclusively replaced by the manufacturer or his service agent or a similar qualified person in order to avoid a hazard.
