*WARNING:*

*If in doubt or difficulty is experienced, consult a qualified electrician. If luminaire is not being connected by means of a supply plug, ensure that mains supply is off before commencing installation.*

*IMPORTANT. The wires of the mains lead or supply wires are coloured as follows:*

*- Green and Yellow - Earth*

*- Blue - Neutral*

*- Brown - Live*

*Connect green and yellow wire to plug or supply terminal marked"E" or connect blue wire to plug or supply marked "N" or to Neutral supply conductor. Connect brown wire to plug or supply terminal marked "L" or to line supply conductor. Use a 3 Amp fuse on a 13A plug. 5 Amp fuse on other plugs or at distribution board.*
