

SAFETY INSTRUCTION

Please study the instruction manual and below information carefully before installing or using this product. Please keep this user manual for further reference

1. The luminaires may only be installed by authorized and qualified technicians according the valid regulations for electrical installation.
2. Maintenance of the luminaires is limited to their surfaces. During maintenance no moisture can come into contact with any areas of the terminal connections or voltage control parts.
3. The electrical supply must be switched off at the outset, preferably by means of a switch in the distribution box, before any installation, maintenance or repair work is undertaken.
4. Exterior lighting must not be installed during rain.
5. Take account of the minimal separation distance from other objects and the room required around the fitting.
6. If in any doubt, consult a professional, taking local installation requirements into account. Some countries stipulate that lighting may be installed only by registered installers.
7. Clamping screws in electrical connections must be adequately tightened. This is particularly the case with 12V low voltage conductors.
8. Clean with a clean, dry cloth or brush, use no solvents or abrasives. Avoid dampness on all electrical components
9. Take account of all available technical information.
10. Meaning of symbols:

This icon indicates the level of water-proof and dust-proof

Protection Class I: the fitting must be earthed

Protection Class II: the fitting is doubled insulated and does not require earthing

Protection Class III: the fitting is low voltage

Minimum distance from lighted objects (meters)

The type of lamp and maximum size and wattage indicated in each lighting unit must not be exceed; different items require different kind of light sources with different bulb icons

The armature is designed to work only with the indicated voltage. Different items require different working voltage.

The luminaire can be used in combination with a dimmer

The luminaire can be dimmed by wall switch

The reference light angle and light space of the luminaire

This luminaire cannot be disposed together with normal domestic waste in standard rubbish can, but you have to bring it to a staging area for electrical waste

11. Take note of the symbols when connecting wires:

	(DE)	(GB)	(FR)	(NL)	(PL)	(NO)	(DK)

Scissors WL Cage Antique Zinc 98079

Parts & Hardware Included :

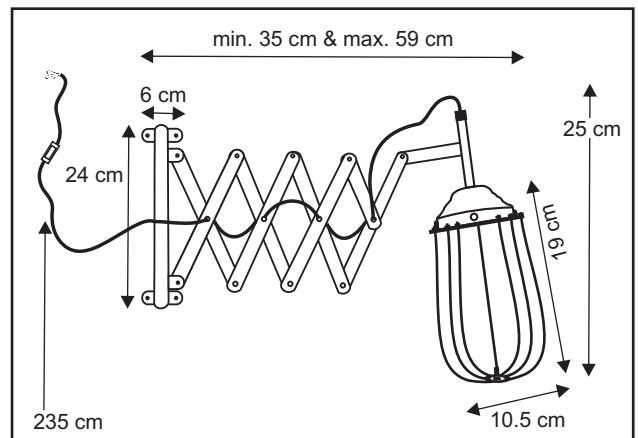

- (A) Adjustable Arm - 1
- (B) Set of Mounting Screws and plastic sleeves. - 4
- (C) Removable Cage Arms - 4
- (D) Cage Shade - 1
- (E) Set Screws - 3
- (F) Shade Ring - 1
- (G) Decorative screw - 3

Assembly:

This lamp comes with a plugin portable chord set.

You simply need to install it on the wall, using the below instructions

1. Mount the adjustable arm (A) on the wall using the four set of mounting screws & Plastic sleeves (B)
2. Unscrew the removable Cage Arms (C) from the Cage Shade (D) using set screw (E).
3. Use the shade ring (F) provided with the lamp to install the Cage Shade (D) with the adjustable arm.
4. Thread an E27 light bulb to the light source in your wall fixture.
5. Enclose the Cage Shade (D) by affixing the removable Cage Arm back on the Cage Shade using set screws (E).
6. Connect the plugin chord set emerging out from the wall fixture into the electrical outlet
7. Your lamp is now ready to use.
